PLATINUM LEVEL

To achieve the new PLATINUM LEVEL, your educational setting must have successfully held a Gold award during the academic years 2012/13, 2013/14, 2014/15 and 2015/16 consecutively and have achieved Gold during this year 2016/17 as well as demonstrating your school's achievements through case study evidence around one of the following areas:

1. How have you involved your pupils in planning and delivering your competition offer?
2. How do you support exit routes for your young people into community activities?

Please consider within your responses:

- ✓ What the outcome was for your school
- ✓ How you set out to achieve this
- ✓ What the impact has been on young people
- ✓ What your three top tips would be for other schools to go about bringing this change
- ✓ How you have engaged with your School Games Organiser

We welcome the support of your young people in developing your case study and this final submission can either be a video or a written application.

All Platinum applications will need a supporting paragraph from your School Games Organiser and will then be verified externally.

All schools eligible to apply for Platinum will be notified centrally upon receipt of your gold application. We anticipate that the additional information will be required by October half term but this will be confirmed once your gold application is received.

All successful Platinum schools will be awarded for two years and will not be required to undertake an application in the academic year 2017/18.
