

'Watery Worlds'

Y5/6 -Spring 2017

2017

Mini homework projects

Over the term, pupils will have the opportunity to research, design and create:

Journey of a river	Draw/paint a river and label the features.
Create a fact file for a new sea or river creature	Draw or make a new water creature. Create a factfile that describes it.
Mini-project	Choose a World river and research facts for a project booklet.
Watery mobile	Design a mobile to hang in class.....mini aquarium!
How green are you?	How much water do you use?

Your child should still read regularly, learn spellings and practise their number facts at home.
Occasionally, we will still send number work or sentence work home related to topics being covered in class.
